We all can celebrate a big win on the Federal Legislative front...The Paperwork Reduction Act and Employer Reporting Improvement Act.

The Employer Reporting Improvement Act - in summary - gives employers at least 90 days to respond to a 226-J letter and allows the 1095 B/C letters to be electronically delivered.

The U.S. Senate has passed the Employer Reporting Improvement Act and the Paperwork Burden Reduction Act, bipartisan bills that now head to *President Biden* for signature into law. These reforms simplify ACA compliance, reduce regulatory burdens, protect personal information, and modernize outdated processes—allowing agents and brokers to focus on helping consumers secure the coverage they need.

NABIP has issued comments regarding capping employer tax exclusion: [Click here](#) for more information.
